

Shashwat Tripathi

Software Developer — B.Tech Computer Science Student

shashwat.2327115csit@kiet.edu — linkedin.com/in/shashwat-tripathi — github.com/Shashwat-Tripathi49

Summary

Entry-level web developer with strong fundamentals in JavaScript, PHP, MySQL, HTML, and CSS. Experienced in building responsive web applications, collaborating with teams, and writing clean, maintainable code using Git. Seeking an Associate WordPress Engineer role in a remote, learning-driven environment.

Technical Skills

Languages: JavaScript (ES6+), PHP, SQL

Web Technologies: HTML5, CSS3, Responsive Design

Frameworks & Libraries: React.js, Next.js, Node.js, jQuery

Databases: MySQL, MongoDB

Tools: Git, GitHub, Firebase, Tailwind CSS

Other: REST APIs, Basic Linux, Debugging, Problem Solving

Professional Experience

Junior Web Developer Intern (*ByteNexus*)

Oct 2024 - Nov 2024

- Developed responsive web interfaces using HTML, CSS, JavaScript, and React.
- Debugged and optimized frontend code to improve performance and usability.
- Collaborated with senior developers using Git-based workflows.

Junior Web Developer Intern (*Vaishnav Technicals*)

- Contributed to end-to-end development of client websites with cross-browser support.
- Worked with MySQL databases for structured data storage and queries.
- Assisted in basic data analysis and reporting tasks.

Projects

SuperG.in – E-commerce Platform

Oct 2025

- Built an e-commerce platform using Next.js, PHP, and Node.js.
- Improved API performance using Redis caching and React Query.
- Optimized images and frontend rendering for faster load times.

Bhumidekho – Property Listing Platform

Apr 2025

- Built frontend components using PHP, JavaScript, jQuery, HTML, and CSS.
- Designed responsive layouts and managed property data using MySQL.

MGNREGA ERP – Intelligent Attendance System (PoC)

Sept 2025

- Developed a proof-of-concept system focusing on data integrity and transparency.
- Used React, Node.js, MongoDB, and Hyperledger Fabric.

NFT Web Platforms (Multiple Projects)

- Developed frontend components using Next.js for NFT showcase and distribution.
- Integrated blockchain-related features for digital asset display.

Education

Bachelor of Technology (B.Tech) – Computer Science & IT

2023 - 2027

KIET Group of Institutions (AKTU), Ghaziabad

Class XII (PCM)

2021

Oxford Public School, Gorakhpur

Class X

2019

HP Children's Academy, Gorakhpur
